Spring/Summer 23

WELCOME

At Toffs we pride ourselves on ensuring each piece of bespoke furniture is perfectly hand-crafted to our exacting standards.

Whether you choose from our range of sliding door storage solutions or traditional doors we combine stylish design and precision workmanship to create furniture that maximises your space and is simply stunning.

We have an extensive range of frames, finishes and materials that allow for individual choice and expression to create unique eye catching furniture.

Our sliding and traditional door range is made in Britain, expertly engineered to the highest of standards, and come with a 10 year guarantee.

MAKE YOUR CHOICE

We understand that our discerning customers are looking for more than high precision, hand-crafted furniture.

We understand that you want to be able to put your individual stamp on it to create a stylish statement that will perfectly capture your vision and personality.

At Toffs we can make it happen.

Over 60 glass door panels styles

Plain and metallic finishes
Flat and bevelled mirrors

A world of colour at your fingertips

We don't do standard. Our extraordinary range of colours and finishes allow for a world of possibilities. The only limit is your imagination.

Creating the right angle

Our bespoke furniture can accommodate sloping ceilings to create a beautiful finish.

Angled door sections are not available in glass.

DEFINING OUR HERITAGE

The very essence of our Heritage collection evokes permanence, desirability and character.

Combining timeless beauty with the strength of wood in our Heritage sliding door range, our skilled craftsmen have created a stunning range of furniture that will enhance any home.

Our generous deep cut wood accentuates the high standards of the Heritage collection and the detailed precision workmanship ensures the doors glide effortlessly across.

YOUR HERITAGE

The beauty and elegance of the Heritage Collection is perfectly balanced with our use of the highest quality materials.

Sliding doors are 33mm deep giving it a solid feel as it glides across our smooth sliding tracks before gracefully coming to a gentle stop with the soft-close system which is fitted as standard.

Available in a range of finishes our Heritage will fit in perfectly with YOUR heritage.

THE FLORENCE COLLECTION

Make a big statement with the minimal of efforts. Our Florence Collection is an ultra slim minimalist profile creating beautiful, sleek and clean cut lines.

The Florence Collection will complement any room ensuring a sophisticated minimalist statement.

It is suitable for glass and mirrors only.

THE NAPOLI COLLECTION

For those wishing to have a contemporary finish the clean, crisp lines of the Napoli Collection is an ideal choice.

It is available in polished and satin silver and a choice of square or ridged finish.

Crafted to exacting standards including our soft-close system fitted as standard.

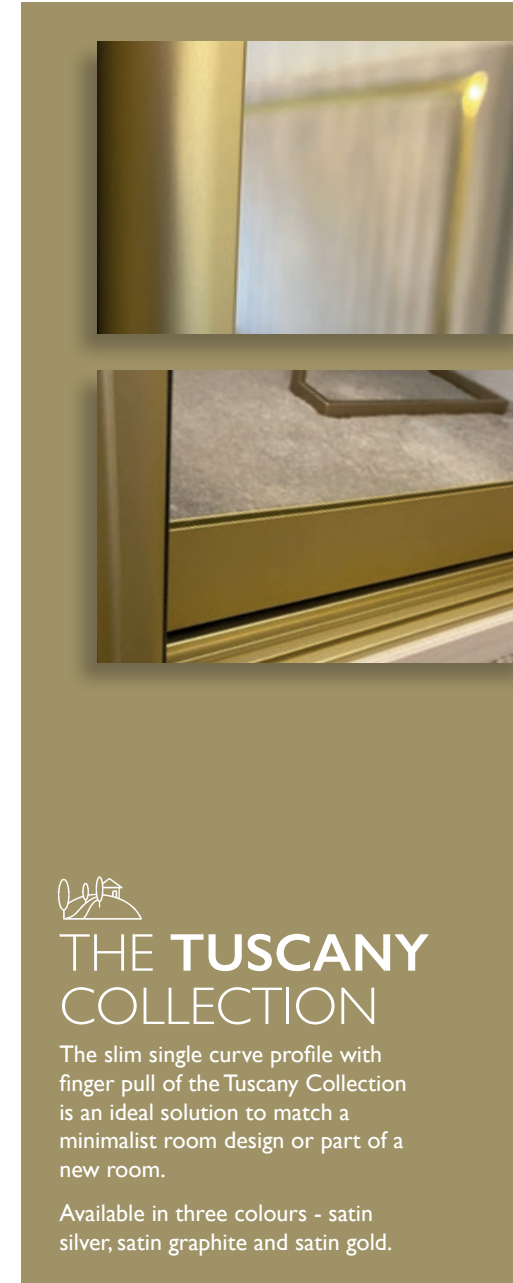

THE TORINO COLLECTION

The Torino collection features a slim square profile with straight finger pull and is available in three unique colours.

Its modern light finish in a simple contemporary design will perfectly finish off any room.

THE TUSCANY COLLECTION

The slim single curve profile with finger pull of the Tuscany Collection is an ideal solution to match a minimalist room design or part of a new room.

Available in three colours - satin silver, satin graphite and satin gold.

THE VENICE COLLECTION

With its curvy traditional profile the Venice Collection has always proved to be a very popular choice.

The elegant lines of the frame, the high specification of the glass and wood panels, along with our perfectly engineered soft-close system combine to create a beautiful sliding door storage system that will enhance any room.

TECHNICAL SPECIFICATIONS

Made to measure using computer controlled machinery

Our sliding doors are manufactured using computer controlled machinery for accuracy to any size and configuration.

Constructed from the highest quality materials

Our sliding doors are constructed using the highest quality materials. We use 16 gauge (1.626mm) extruded aluminium frames, certified safety glass and mirrors as well as 18mm MFC panels.

This combination ensures our doors do not rattle, flex or whip. The quality is clearly evident by the feel of the finished product.

Effortless sliding doors

Our sliding doors move effortlessly courtesy of quality moulded wheels. Filled with anti-rust lubricant and incorporating a contact shield they prevent any dirt or dust ingress, ensuring a lifetime of perfectly balanced and smooth operation.

Anti-jump safety mechanism

All our sliding doors incorporate an anti-jump safety mechanism as standard.

Smooth gliding top rollers

In all our frames, except the Florence Collection, the doors benefit from twin ball bearing rollers with soft rubber surrounds in the top tracks. This ensures a smooth gliding operation and almost silent running.

Soft Close options

Soft closures guarantee a quiet controlled close and are available on all sliding door frames. Additionally an integral full length rubber cushion on the edge of the door is featured on all our curved frames.

HERITAGE

Heritage Collection features:

- Generous 33mm deep cut wood
- Available in a range of board colours, mirrors or coloured glass
- Can be manufactured using Egger, Kronospan, Pfleider, Xylocleaf and Unilin boards
- Mixture of centre panels available
- Available up to 1070mm wide
- Soft-close system fitted as standard
- Heritage sliding doors can be manufactured as full frame doors, or with multiple horizontal dividers.

Heritage Sliding Doors are a unique addition to our sliding door portfolio, perfectly balancing a prestigious look with quality design and engineering.

THE TRADITIONAL COLLECTION

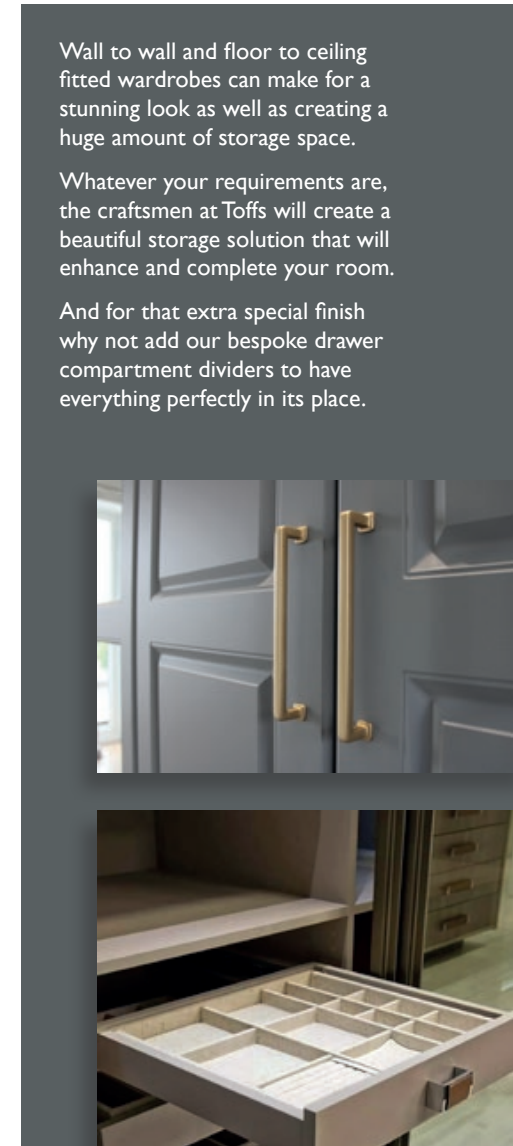

Our Traditional Collection is perfect for those who prefer something different to our sliding door storage solutions.

This elegant range comes in a wide variety of colours and styles with matching furniture to ensure a stunning complete roomset.

Whether it's floor to ceiling wardrobes, dressing tables, drawers and cupboards our bespoke range can bring your imagination to life and complete your bedroom or home office.

Our range of designs enables Toffs to tailor the finished product to fit in with your individual requirements and adapt to various room sizes and shapes.

Wall to wall and floor to ceiling fitted wardrobes can make for a stunning look as well as creating a huge amount of storage space.

Whatever your requirements are, the craftsmen at Toffs will create a beautiful storage solution that will enhance and complete your room.

And for that extra special finish why not add our bespoke drawer compartment dividers to have everything perfectly in its place.

ENDLESS POSSIBILITIES

The beauty of our bespoke design service means you are not tied to a set design for a set purpose.

Our extremely popular media units can create a stunning room feature, perfectly framing your television and keep all those unsightly cables out of the way. Whatever the size of your room, or the style you require we can bring your imagination to life.

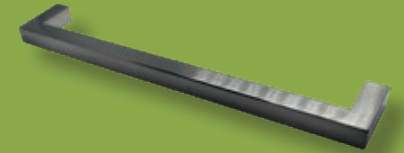

Walk-in dressing rooms are another popular option which our craftsmen love to create for our customers. The fully bespoke designs ensure your complete satisfaction.

FIXTURES & FITTINGS

Handles

The finishing touches are hugely important to give the end product a stunning look. Our range of handles will give you plenty of choice to get the perfect fit.

Brackets and Drawer Sliders

At Tofts we use **Blum** hinges as standard. These are widely regarded as the premier hinge. The refinement and sophistication you get with a Blum hinge will stand the test of time ensuring the soft close function is perfect every time.

Along with our King Slide soft close drawer units we only use the best for your project.

STORAGE CONFIGURATIONS

When it comes to selecting how to configure your storage options the only limit is your imagination.

All our carcasses are constructed using 18mm PVC lipped board including backs.

All seen parts are coordinated to door colours.

Variations and combinations of hanging, drawers and shelves are available on request.

We can also supply shoe-racks, baskets and pull-down rails.
